

## Follow-Up to Focus on Europe!

After a five-year break, Europe was once again a guest at the PPH Augustinum from November 15 to 17. Focus on Europe brought 28 professors from no fewer than 19 partner universities in 8 countries to Graz. This international meeting forum focused on knowledge growth, networking and exchange and brought international flair and input from experts from near and far - aspects that are essential in contemporary and high-quality teacher education.

Organized by the International Office of the PPH Augustinum, the guests as well as the teachers and students were offered a varied program. A variety of teaching events such as lectures and seminars, a welcome ceremony followed by a dinner, specialist group meetings, cozy breaks in the Cafe Europa and a reception in the City Hall of Graz provided lasting memories for all participants.

We'll round off Focus on Europe here with a few facts and figures about the event as well as pictures and may include one or two quotes from the participants' feedback.

Thank you to everyone involved for taking part! We look forward to seeing you again at Focus on Europe 2026!

The team of the International Office of PPH Augustinum!

Focus on Europe was  Funded by  
the European Union

36 Courses

28 guests from 8 countries

22 Kilogram of fruit as a refreshment at Cafe Europa
